# Three One Six

by LOCKFOCUS

## Range Overview

Introducing the Three One Six stainless steel door furniture range from Lock Focus. Constructed from high quality stainless steel, the range offers modern and traditional styles in a variety of finishes to accommodate all types of interiors.

## Why choose Stainless Steel:

- Stainless steel is a bright, easily maintained surface with a simple modern appearance
- Stainless steel is extremely durable and is 100% recyclable
- Stainless steel is a ferrous alloy with increased protection from the elements by the addition of chrome and nickel

Lock Focus is an Australian owned and operated company specialising in the manufacture of tailored locking solutions. Our Three One Six stainless steel door furniture range was created to meet our standard of quality and style at an affordable price.
